SEEKING EMERGING LEADERS!

Yale LET(s) Lead Academy

OBJECTIVES

The Yale Program for Recovery and Community Health's Live Experience Transformational Leadership Academy (LET(s)Lead) is partnering with the University of Iceland and Traustur Kjarni to offer its next academy!

Facilitated by a diverse team of national and international leaders, most who are people who identify as having lived and learned expertise, the course will run from January 2025 to September 2025.

We invite people with lived experience of recovery who are making change in their communities and committed to transformational social change to apply!

Join us on October 24th for an informative session to learn more about the LET(s)Lead Academy, where you'll discover how to leverage your lived experience in transformational leadership and make a lasting impact in your community.
